

2022-23 ANNUAL REPORT SVASTYA BALRAMPUR - UP

Fostering Inclusion

OUR IMPACT JOURNEY

EARLY INTERVENTION AND EARLY EDUCATION PROGRAM

Our Early intervention program is dedicated to helping children between the ages of 0- 14 years who have a developmental delay in 5 core areas.

- 1.Cognitive Development
2. Physical Development
- 3.Communication Development
4. Social and emotional Development
5. Adaptive Development

The aim of this program is to promote age-appropriate development and growth of children with developmental delay.

Center-based service: Child along with parent visit the established early intervention center to avail the therapies using equipment specific to the disability.

Home-based service : Therapists or Early interventionists deliver the service at the child's home on predetermined days. This empowers the parents to conduct the therapies at home daily.

Sub-centre/ Community center-based Service : Therapy services are delivered through partner organizations across low income states or a suitable center which is accessible to the caregivers and children such as Anganwadi schools, homes, or PHC where 4 to 5 children or more can access.
